- ultra smooth matte surface
- bright white finish
- sturdy card weight & thickness
- compatible with dye and pigment inks (Epson 2200)

60lb. Premium Matte PLUS 2.0

Another excellent choice in inkjet media from Red River Paper. This paper is for customers who enjoy the bright white, crisp detail, and wide color gamut of Polar Matte, but need just a little extra thickness and stability. GC Matte offers sturdy 12mil thickness (standard photo paper is 10mil). Compatible with all printers and available in sheets, greeting cards, and rolls.

60lb. Polar Matte

Red River's Polar Matte raises the bar on professional imaging excellence. This new addition to our top-of-the-line Polar Series features a beautiful soft white printing surface with outstanding ink holdout capabilities. Polar Matte is acid-free and its heavy 60lb. weight makes it desirable for all high-quality photo imaging including portraits and greeting cards.
