

## Profile Usage Instructions

### Red River Premium Matte Epson 1280

Thank you for using Red River Premium Matte.

For information on how to use color profiles, read Red River's "Color Profile Usage" and Epson's "How to use ICC profiles".

When you install the profile, it will show up in Photoshop's profile menu as:

#### **RR Premium Matte Epson 1280 1440dpi.icm**

Below are the required printer driver settings for Red River's Premium Matte/Epson 1280 profile. You must make sure all of the settings are correct to achieve optimum print quality.

| <b>Parameter</b> | <b>Required Setting</b> |
|------------------|-------------------------|
| Paper Setting    | Matte Paper Heavyweight |
| Quality          | 1440dpi                 |
| Color Management | NO Color Adjustment     |
| High Speed       | OFF                     |
| Edge Smoothing   | OFF                     |

#### **Special Notes:**

High Speed – Turning high speed on should not effect the color balance or quality of the image

Edge Smoothing – Like high speed, you may experiment with this setting in the ON position

Refer to [www.redriverpaper.com/profiles](http://www.redriverpaper.com/profiles) for any updates. Technical support for color profiles is limited to the documents included in the profiles section of [www.redriverpaper.com](http://www.redriverpaper.com)
