

Profile Usage Instructions

Red River 65lb. Polar Art Epson 2000P

Thank you for using Red River Polar Art.

For information on how to use color profiles, read Red River's "Color Profile Usage" and Epson's "How to use ICC profiles".

When you install the profile, it will show up in Photoshop's profile menu as:

RR Polar Art Epson 2000P 1440dpi.icc

Below are the required printer driver settings for Red River's Polar Art/Epson 2000P profile. You must make sure all of the settings are correct to achieve optimum print quality.

Parameter	Required Setting
Paper Setting	Archival Matte
Quality	1440dpi
Color Management	NO Color Adjustment
High Speed	OFF

Special Notes:

High Speed – Turning high speed on should not effect the color balance or quality of the image

Refer to www.redriverpaper.com/profiles for any updates. Technical support for color profiles is limited to the documents included in the profiles section of www.redriverpaper.com
