Profile Usage Instructions

Red River Polar Satin
Canon i950/i960

Thank you for using Red River Polar Satin.

For information on how to use color profiles, read Red River's "Color Profile Usage for Canon"

When you install the profile, it will show up in Photoshop's profile menu as:

RR Polar Satin Canon i950.icm

Below are the required printer driver settings for Red River's Polar Satin/Canon i950/i960 profile. You must make sure all of the settings are correct to achieve optimum print quality.

Parameter	Required Setting
Paper Setting	Pro Photo Paper
Quality	Fine
Color Adjustment	Manual – Print Type "None"

Special Notes:

DO NOT USE Canon's Print with Preview function when using profiles! Only use Photoshop's print with preview.

Refer to www.redriverpaper.com/profiles for any updates. Technical support for color profiles is limited to the documents included in the profiles section of www.redriverpaper.com
