

## **Profile Usage Instructions**

### **Red River GreenPix Recycled Canon i9900**

For information on how to use color profiles, read Red River's "Color Profile Usage" and Epson's "How to use ICC profiles".

When you install the profile, it will show up in your ICC aware application (ex. Photoshop) profile menu as:

#### **GreenPix 62lb Canon i9900 Matte Photo Paper**

Below are the required printer driver settings for this profile. You must make sure all of the settings are correct to achieve optimum print quality.

<b>Parameter</b>	<b>Required Setting</b>
Paper Setting	Matte Photo Paper
Quality	Fine
Color Management	Manual Color Adjustment – Print Type Set to "None"

#### **Special Notes:**

In order to use profiles, you must turn off your printer color management! See above for how to accomplish this task.

The profile must be selected in the Print Space of Photoshop's print with preview screen.

Refer to [www.redriverpaper.com/profiles](http://www.redriverpaper.com/profiles) for any updates. Technical support for color profiles is limited to the documents included in the profiles section of [www.redriverpaper.com](http://www.redriverpaper.com)
