

## Printer Color Profile Instructions

Color profiles are data files that contain a description of how a particular paper, ink, and printer create all colors, shades, and densities. Using a profile will result in more accurate and consistent output.

**Printer:** Epson SureColor P7570 / P9570

### Driver Settings

**Mode:** Off No Color Adjustment

### Print Quality Recommendation –

Quality Options / Level 4 / Finest Detail ON / Black Enhance Overcoat ON / High Speed ON

### Support

How to install profiles

How to use profiles

[www.redriverpaper.com/useprofiles](http://www.redriverpaper.com/useprofiles)

### Some Hints

⚠ The name of the paper you are using will not be listed in the media setting drop down menu in the printer driver. That menu only has the names of manufacturer papers.

⚠ Do not use the printer driver's "Preview before printing feature". It can interrupt the color management process.
