As of July 1, Red River Paper can no longer sell Epson brand ink cartridges. Epson removed us from their list of approved dealers. Their new direction rewards companies that sell printers, paper, and ink. Because Red River Paper inkjet media is the best you can buy, we support Epson's quality printer technology by selling ink and happily answering your Epson printer questions with knowledgeable support. That is regrettably not sufficient to maintain our dealer status.

As items are sold out, they will be removed from the website. Some cartridges will sell out faster than others so you might consider stocking up.

Thank you for your business and feel free to contact us with questions.

Sincerely,

A handwritten signature in black ink that reads "Drew Hendrix". The signature is written in a cursive style with a large, prominent "D".
