RED RIVER PAPER

Profile Usage Instructions

Blanco Satin Canvas
Epson 7600/9600 UltraChrome

For information on how to use color profiles, read Red River's "Color Profile Usage" and Epson's "How to use ICC profiles". These are available for download at www.redriverpaper.com/profiles

Below are the required printer driver settings for the Red River Polar Satin/Epson 7600/9600 profile. You must make sure all of the settings are correct to achieve optimum print quality.

Parameter	Required Setting
Paper Setting	Premium Luster Photo Paper (260)
Quality	1440dpi
Color Management	Click ICM then Off (No Color Adjustment)
High Speed	You choice
Edge Smoothing	Off

Special Notes:

High Speed – Turning high speed off should not effect the color balance or quality of the image
Edge Smoothing – Like high speed, you may experiment with this setting in the ON position

Refer to www.redriverpaper.com/profiles for any updates. Technical support for color profiles is limited to the documents included in the profiles section of www.redriverpaper.com
