

Printer Color Profile Instructions

Color profiles are data files that contain a description of how a particular paper, ink, and printer create all colors, shades, and densities. Using a profile will result in more accurate and consistent output.

Paper: Blanco Matte Canvas

Printer: Epson 7600 / 9600

Setting Recommendations

Media Setting:	Enhanced Matte Paper
Print Quality:	Quality Options – Level 4
Color Correction:	None
Paper Feed	Top single sheet feed

Some Hints

DOWNLOAD AND READ the Blanco Matte Canvas handling guide:

www.redriverpaper.com/canvas

The name of the paper you are using will not be listed in the media setting drop down menu in the printer driver. That menu only has the names of manufacturer papers.

Do not use the printer driver's "Preview before printing feature". It can interrupt the color management process.
